

HIRAM COLLEGE RESOURCES

Specific details about all student resources are available online through Hiram College's website: Student Resources – Hiram College (<https://www.hiram.edu/student-resources/>)

Writing Assistance

Writing assistance is available for graduate students through the Hiram College Writing Center (<https://www.hiram.edu/academics/support-services/writing-center/>) or may be arranged through a student's professional academic advisor and in consultation with the associate dean of academic affairs.

Library

The Hiram College Library offers an exciting mix of the old and new, from our archives, print, and physical items to 21st century eBooks and eJournals. The library has a collection of over 500,000 items available to ensure that students have access to the best possible resources to complete their studies.

The library is a member of OhioLINK, a consortium of 121 academic libraries and the State Library of Ohio. The combined catalog of OhioLINK members provides members of the Hiram College community with access to more than 50 million books and other library materials. Students, faculty, and staff are able to borrow physical items through the OhioLINK catalog for delivery directly to Hiram, or access digital items 24/7.

The library isn't just about its collections, however. Opened in 1995, the library offers a variety of physical spaces for students to use, ranging from quiet study spaces for individuals to group study rooms for collaboration.

The Hiram College Library continues to evolve to meet the changing research needs of Hiram's students, its faculty, and the surrounding community. A recent first-floor renovation continues this evolution by welcoming in a new student support hub, which gives students access to advising, learning technologies, tutoring services, the Writing Center, and the Emerging Scholars program all in one location. An IT support desk is also available in the library's lower level.

Librarians also provide instruction sessions to help students find the right source for their paper or project by request in any course. Reference librarians are available to assist library users, and the library's website provides 24/7 access to instructions, information, and resources.

For more information, visit the library's website (<http://library.hiram.edu>), or contact us at 330.569.5359 (library@hiram.edu) or library@hiram.edu.

Bookstore

The bookstore, located in the Kennedy Center, carries course materials as well as office and school supplies, software, clothing, gifts, general books, cards, candy, and health and beauty aids. Students can also order textbooks online at the bookstore's website (<https://www.hiramcollegebookstore.com/>). A tutorial (<https://www.hiramcollegebookstore.com/how-order-textbooks/>) for how to order textbooks is available.

The Office of Career Development

The Career Center, located on the first floor of the Kennedy Center, is available to all students. A number of resources are available, including a career library and personal career counseling. Students may consult with the Career Center to conduct career research, prepare for job interviews, and check job opportunities. Career resources are also available to students on the Career Development website (<https://www.hiram.edu/student-resources/career-development/>) or by email at careercenter@hiram.edu.

Dining Services

Hiram College Dining Services (<https://www.hiram.edu/life-at-hiram/food-dining/>) provides a variety of food service operations for the campus.

Information Technology Services

Every entering student is assigned an institutional identification number and provided with an account on the administrative software and College e-mail system. The College's Technology Center (<https://www.hiram.edu/student-resources/technology-services/>) will provide students with a guide to campus technology resources available to them. Violations of the College's acceptable use policy may result in suspension of privileges. Students are responsible for monitoring their accounts and reporting any problems to the Technology Center Help Desk.
