

DUAL MAJORS AND MINOR POLICY

Dual Majors

The curriculum of the Online Program includes four majors that may be completed in the online format at Hiram College:

- Accounting and Financial Management (<https://catalog.hiram.edu/undergraduate/schools/business-communication/accounting-financial-management/>)
- Management (<https://catalog.hiram.edu/undergraduate/schools/business-communication/management/>)
- Marketing (<https://catalog.hiram.edu/undergraduate/schools/business-communication/marketing/>)
- Supply Chain Management (<https://catalog.hiram.edu/undergraduate/schools/business-communication/supply-chain-management/>)

Students may elect to double major while at Hiram College. However, students may only double major in two disciplines from the Scarborough School of Business & Communication with permission from the program faculty. Students must develop a proposal to outline how they will achieve breadth of knowledge in the two disciplines chosen.

Minor Policy

Although minors are not required for graduation, many students choose one. A minor area of study consists of courses specified by each program. Typically, minors consist of five or six courses, over half of which must be taken at Hiram College.

Students may major and minor in any two disciplines from the Scarborough School of Business & Communication with permission from the program faculty (typically, only one course can count for both the major and the minor).

Any student interested in a minor offered by Hiram College but not through the Online Program should consult their academic advisor and the associate dean of academic affairs.
