

CHEMISTRY MINOR

Minor Requirements

| Code | Title | Hours |
|---------------------------------|--------------------------------|--------------|
| Introductory Sequence | | |
| CHEM 12000 | GEN I:STRUCTURE/BOND-W/LAB:SM | 4 |
| CHEM 12100 | GEN II:INTR CHEM ANLS-W/LAB:SM | 4 |
| Elective Courses | | |
| Select four upper-level courses | | 15-16 |
| Total Hours | | 23-24 |

In choosing elective courses with a chemistry advisor, the student must make sure that they cover at least three of the five major branches of chemistry (analytical, biochemistry, inorganic, organic, and physical). The fourth course can be any 3- or 4-hour, 30000- or 40000-level chemistry course. Finally, no more than four courses can be double-counted towards your major and the chemistry minor.
