

CHEMISTRY MINOR

Minor Requirements

Code	Title	Hours
Introductory Sequence		
CHEM 12000	GEN I:STRUCTURE/BOND-W/LAB:SM	4
CHEM 12100	GEN II:INTR CHEM ANLS-W/LAB:SM	4
Elective Courses		
Select four upper-level courses		15-16
Total Hours		23-24

In choosing elective courses with a chemistry advisor, the student must make sure that they cover at least three of the five major branches of chemistry (analytical, biochemistry, inorganic, organic, and physical). The fourth course can be any 3- or 4-hour, 30000- or 40000-level chemistry course. Finally, no more than four courses can be double-counted towards your major and the chemistry minor.
