

# GENDER STUDIES MINOR

2

May not be taken with INTD 38000 IDENTITY: GENDER:CA,UD

## Minor Requirements

To qualify for a gender studies minor, students must take INTD 38000 SEM:IDENTITY:GENDER:CA,UD or UCS 30301 URGENT CHALLENGE SEMINAR:TT IDENTITY:GENDER (4 hours). They must also complete additional gender studies courses for a total of 18 credit hours. The most common structure is to take four to five additional courses of 3-4 credit hours, but students can also take a range of 1-credit courses to complete part of the requirements. No more than three classes in any given discipline can count towards a gender studies minor (i.e. taking four classes in women's history would only fulfill three gender studies course requirements).

## Gender Studies Courses

This list is not comprehensive. If there are courses not listed here that seem to qualify (such as occasional special topics seminars), please check with a gender studies coordinator to confirm that it will count towards the minor.

Courses that count toward the gender studies minor are usually identified in the comments section of each semester's class schedule.
